PROJECTS

TELEGRAM MUSIC BOT

- *Created a Telegram music bot using **NODE.js** packages which gives us music playlist by giving a basic set of commands.*
- *I have used **Spotify API** for fetching song details and used basic user interactions.*
- *I have tried to developed a user-friendly interface within the telegram chat environment with some basic set of commands to use.*

PERSONAL PORTFOLIO WEBSITE

- *Tried and Developed a basic personal portfolio website showcasing a collection of my basic projects, skills and achievements.*
- *I have tried to implement responsive web design principles using **HTML5**, **CSS3**, and **javascript**. which ensure us to give optimal viewing experience across devices.*
- *Check it on: www.CreativeChronicle.com*
